

Chemistry Seminar

Designing Functional Materials

I. Photoluminescent Porous Silicon

II. Self-Oscillating Polymeric Systems

Dr. Soma Chattopadhyay

Department of Materials Science
& Engineering
MIT

Friday, April 24

12:00 p.m.

WSB-122

Dr. Chatopadhyay is interviewing for the physical/materials vacancy in the department. She will be available to meet with students at 1:00-1:30 in WSB-344.
