

A decorative border of colored pencils surrounds the text. At the top, there are three pencils: brown, green, and red. On the left side, there are four pencils: yellow, blue, red, and green. On the right side, there are three pencils: blue, yellow, and a cup containing several pencils (red, yellow, blue, green, brown). At the bottom, there are three pencils: brown, yellow, and blue.

Chemistry Seminar

Dr. Ramakrishnan and Dr. Sreerama will give a short presentation on their research interests. All students interested in doing research in chemistry are encouraged to attend this seminar.

Dr. Ramakrishnan will be speaking on "Role of Biomolecular Aggregates in Neurodegenerative and Cardiovascular Diseases: Investigations using Biophysical Tools and Animal Models"

Dr. Sreerama will be speaking on "Role of aldehyde dehydrogenase in Cancer chemotherapy and environmental toxicology; and Novel methods of cellulosic ethanol production"

Wednesday, Feb. 3

12:00 p.m.
