

# Chemistry Seminar

## Interdisciplinary Materials Research Opportunities at SCSU

Professors Neu and Lidberg will discuss their research efforts and student research opportunities. Opportunities for synthesis and a wide range of characterization techniques of these novel materials will be presented and explored. All students interested in doing research are encouraged to attend this seminar.

**Wednesday**  
**September 8**  
**12:00 p.m.**  
**WSB - 122**
