Chemistry Seminar

"Surface Structure and Reactivity of Hydrated Magnetite (111) Under Environmentally Relevant Conditions"

Dr. Sarah Petitto

Research Scientist
Department of Chemistry & Biochemistry
University of Alaska-Fairbanks

Monday, April 20
12:00 noon
WSB-122

Dr. Petitto is interviewing for the physical/materials vacancy in the department. She will be available to meet with students 2:00-2:30 in WSB-122.
