

Juli Popp Bio

In early 2009 Juli started her consulting business, Precise Book Works LLC, to provide bookkeeping services for small businesses. Her clients represent an array of industries and the services are tailored to each business' individual needs. Services offered include assistance with setting up their QuickBooks system, training and/or on-going management of their financial books.

Prior to starting Precise Book Works, Juli spent 24 years in the accounting & the financial industry. During this time, she held a variety of positions including staff accountant and finance assistant which entailed A/R & A/P management, general ledger entries and reconciliations, bank account reconciliations, government reporting, to name a few. [The positions required her to be precise, hence the name Precise Book Works!](#)

Juli has successfully earned her Intuit QuickBooks Pro-Advisor certifications for 2009 & 2010.

Juli also serves as the auditor for her church.
