

S2S Research Colloquium ~ Interest Indicator

The first ever Senior to Sophomore Research Colloquium was held in December of 2007 by Dr. Pat Hauslein and our Human Biology classes. Over 150 students from five area high schools participated, presenting and reviewing research posters on the topic of “Climate Change”.

Our next colloquium will be held in December of 2009. The program will be open to S2S students from any discipline.

Please let us know if you are interested in participating. We will let you know as soon as a date has been chosen.

Name _____ School _____

S2S Course _____

Phone _____ Email _____

Estimated number of students _____

I would be willing to help with the colloquium planning.

Possible research topics _____

Questions or Concerns? _____
