

EDITH JORGENSEN MEMORIAL SCHOLARSHIP

Many SCSU students had the honor of knowing Fru Edith Jorgensen who was officially the cook at our Study Center in Denmark from September 1974 until her death on November 19, 1977. She was much more than a cook, she was a valued advisor and friend. She was the bridge between SCSU students in Aalborg and the Danish community.

At the time of her death, a memorial fund was established in her honor to help further SCSU students' understanding of differences in culture and to financially support their study abroad experience.
