

BAUERLY BROTHERS

CONSTRUCTION HEAVY

SCHOLARSHIP

History of Award:

The Bauerly Brothers, namely Dave, Jerry, Mike, Brian, Mark, and Allen all reside in the St. Cloud area. They do business in the St. Cloud area in road and street construction and supply ready mix concrete and concrete blocks to the building construction industry.

Five of the six brothers attended St. Cloud State University and consequently recognize the positive impact of the university on the extended community. The Bauerly Brothers are pleased to assist students interested in pursuing a career in construction related fields.

Purpose:

The Bauerly Brothers Scholarship in Construction Technology is designed to provide scholarships for students in the Department of Environmental & Technology Studies majoring in Technology Assessment and Management. Specifically, it is designed to encourage students to pursue a career in highway heavy construction, with an emphasis on mathematics/applied statistics.

Award:

The award for this scholarship will be for up to two years. The award will be \$300-500 for the first year and \$700-1000 for the second year (award amounts subject to change based on funds available). The second year award will be contingent upon completion of some additional requirements related to a heavy construction career. These requirements are:

- Completion of an additional course from the list under qualifications.
- Completion of an internship with an approved business, related to heavy construction (Enrollment in internship for upcoming semester may be accepted).
- Maintenance of GPA at levels listed under qualifications.

**Applications will be available from the Office Manager of the ETS
Department in HH-216.**

Bauerly Brothers Scholarship Application Form

Name: _____

Date: _____

Year in college: Freshman Sophomore Junior Senior

Addresses:

Local: _____ Permanent: _____

Declared ETS Major: Yes: _____ No: _____ (Required)
