### ABOUT US

We are a student organization that educates the SCSU campus and community on a variety of health concerns and increase awareness of health issues of interest to college age students.

### Internships & Presentations

Health Promotions provides internships for students in community health, health education and also graphic design. Our department also provides a variety of health presentations to the campus on a variety of issues. To schedule a presentation please email us at: [h1thpro@stcloudstate.edu](mailto:h1thpro@stcloudstate.edu).
