

Concurrent Enrollment: An F-1 student can be enrolled in two different SEVIS-approved schools at the same time, as long as the combined enrollment amounts to a full time course of study.

This form must be returned before the drop/add period ends at St. Cloud State University (SCSU). Failure to do so could

result in information being sent to SEVIS that you are not enrolled full-time, which is a violation of immigration regulations for students in F-1 and J-1 status.

The concurrent enrollment provision is applicable only to those who will be registered less than full time at SCSU, and who are relying on enrollment at another school in order to meet the full course of study requirement. As long as the student is enrolled full time at SCSU, he or she does not need special permission to take additional courses at another school.

SCSU Students on Suspension: Concurrent enrollment is not an option for students on academic suspension. If a student has been suspended at SCSU, he/she must transfer to another SEVIS approved school, obtain a change to his/her immigration status, or leave the US within 60 days of the semester in which the student was suspended. The student should also contact an international student advisor at the Center for International Studies about the immigration procedures for returning to SCSU following a suspension.
