⁸ MUSM 436-Piano Literature (2 cr) ⁸ MUSE 430-Piano Pedagogy 1 (2 cr) ⁸ MUSE 477-Practicum in Piano Pedagogy 1 (1 cr) ^{4,8} Music Electives (2 cr) ³ Applied Piano (upper division) (3 cr) †† LEP Goal Area 3 (3cr.) †† LEP Goal Area 4 (3cr.) Total Semester Credits= 16	⁸ MUSP 405-Accompanying (1 cr) ⁸ MUSE 431-Piano Pedagogy 2 (2 cr) ⁸ MUSE 478-Practicum in Piano Pedagogy 2 (1 cr) ³ Applied Piano (upper division) (3 cr) ⁸ Music Elective (5 cr) †† LEP Goal Area 3 (3cr.) Total Semester Credits= 15

Notes:

*This program is developed to prepare students for private studio teaching and/or further graduate study for careers in professional performance and college teaching. A minimum of three years of high school experience in band or orchestra or a minimum of three years of high school experience in a vocal group is recommended for prospective music majors and minors. An entrance audition and music skills assessment must be completed for admission to any SCSU music program and preferably before arriving on campus. Full information on auditions and skills assessment may be found at the Department of Music website, www.stcloudstate.edu/~music/Musicadmissions.html, or by phoning the Department of Music at 320-308-3223.

† All music major degree programs require a piano proficiency examination. The exam is designed to ensure that all students master practical piano performance skills. Content of the proficiency examination is available from the music office. Students are strongly encouraged to begin piano study during the first year, and continue lessons until the piano proficiency exam is completed. This may result in taking piano beyond the required amount for the degree program. Students may take the piano proficiency exam at any time during piano study but no later than the end of the fourth semester of piano study or the second semester of the junior year, whichever comes first.

¹ A placement exam administered by the Department of Music is required to determine readiness for Music Theory 1 and Musicianship 1 and will be administered on the first day of Theory 1 in the spring semester. If it is determined that the student is not prepared for Music Theory 1, they will be

advised to register for MUSM 100-Fundamentals of Music. This will delay the completion of the Music Theory sequence by one full year. Ask a music advisor about the exam and if there is any doubt as to your preparation to enter Theory 1 you may arrange to take the exam at the beginning of fall semester so as to avoid any delay in your program completion.

² Auditions are required for some performing ensembles in the Department of Music. It is best to register for the ensemble and then arrange for an audition. For more information, contact the Department of Music at 320-308-3223.

³ An audition and permission from the instructor is required for admittance to all applied studios. Students must attain and study at the 300 level to complete all major programs in music. Some programs require a junior and/or senior recital. Contact the Department of Music at 320-308-3223 for more information and to arrange for an audition date.

⁴ It is recommended that students select from the following music Electives: MUSM 301-Composition, MUSM 401-Advanced Composition, MUSM 433-Electronic Music 1, elective ensembles or chamber music.

⁵ MUSM 351 and MUSM 353 are only offered in the spring. MUSM 352 is only offered in the fall. MUSM 353 carries a co-requisite of MUSM 305.

⁶ MUSP 270 is only offered fall semester.

⁷ PESS 122 is a one credit Health and Wellness course required for all SCSU students. It may be taken any semester but is required for graduation.

** Completion of a "Sophomore" review is required before admittance to the Bachelor of Music Program can be made. This traditionally falls at the end of the sophomore year and is done in consultation with the student's major applied teacher.

⁸ Additional points:

- Not all music courses are offered both Fall and Spring Semesters or each year. Contact the Department of Music for specific course offerings.
- SCSU requires a minimum of 120 semester credits to earn a Bachelors degree, 45 of these credits must be at the 300 or 400-level.
- All SCSU students are required to complete a Racial Issues course as a part of the Diversity course requirement in general education; all Racial Issues courses are listed in Goal Area 7.
- Students must attain a grade of C or better for all major courses. A grade of C- will not count towards the music degree and the course will need to be retaken. All academic courses in music are only repeatable ONCE.
