(project title)

Final Report _____ or Progress Report _____

Date(s) of activity: _____

Amount Awarded: $_____

Other funds used: $_____ Source:_____

Using additional sheets as necessary, please respond to the following items:

1. What was the primary objective of the project?

2. To what extent have you been successful in achieving this objective?

3. Describe any direct or indirect benefits which have accrued to students as a result of this project.

4. Describe any other benefits to the institution, to yourself, or to society in general as a result of this project.

5. Discuss the results and implications of this project in terms of the primary objective. Use graphs, charts, or any other techniques which will make the data easily understood. Include a copy of any published material.

6. Describe briefly the possibilities of further research in this area.
