
SCSU sociologists to monitor, implement Central Minnesota Initiative Fund's evaluation plan

James Sherohman, Linda Havir and Rita Argiros of Sociology and Anthropology have signed a five-year contract with the Central Minnesota Initiative Fund to monitor and implement the fund's evaluation plan. The consulting team of sociologists will monitor, tabulate and analyze loan, grant, training and community planning surveys.

The Central Minnesota Initiative Fund, a regional foundation, is partially funded by the McKnight Foundation and serves 14 counties in Central Minnesota. It provides loans, grants and training for strategic economic and community leadership development, and collaborative community planning.
