Dear Coborn Plaza Apartments Resident,

It is with great enthusiasm that we anticipate your August arrival to Coborn Plaza Apartments! This pamphlet is designed to provide you with the information you will need to successfully transition into your new home. Your move-in to Coborn Plaza Apartments can occur on selected dates between Monday, August 1 and Sunday, August 21. We are offering this extended move-in period throughout August to allow some flexibility to fit your busy schedule. All residents must register for move-in prior to Wednesday, July 27. As you'll see when you register for your move-in day, there are several days you are not able to move in to Coborn Plaza Apartments. This is to accommodate staffing needs for other move-in processes at SCSU. We encourage new students to move-in as close to New Student Orientation as possible since there will be very few campus resources available until that time. New Student Orientation occurs on Saturday, August 20. If you must move in early, we encourage you to return home with your family until New Student Orientation begins.

When you arrive to Coborn Plaza Apartments, there will be signage and/or staff on 3rd Street South that will direct you on where to go when you arrive to Coborn Plaza. Should you be directed to the Courtyard parking lot, please know that this is the retail parking area and you are only able to use it temporarily while you unload your belongings. You will need to move your vehicle once it is emptied. There are several street parking areas surrounding Coborn Plaza for you to use if you do not have an underground parking permit.

I look forward to welcoming you to St. Cloud State University and Coborn Plaza Apartments. Should you have any questions, please do not hesitate to ask. Enjoy the remainder of your summer!
