## STORAGE

Due to limited space, the university does not provide storage. Please pack and plan accordingly.

## UNIVERSITY FURNITURE

Residential life furniture is university property (including chairs, beds, mattress and frame, window coverings, closet doors, etc.). These items may not be removed from the halls or from the main/floor lounges, nor moved from room to room without consent of the Residence Hall Director.

## LOFTS

All lofts require inspection and a staff-signed contract. For your safety, all lofts must be accompanied by a side rail. Lofts rented through [Bedloft.com](http://Bedloft.com) utilize the bed frame that comes standard in each student room and includes a side rail. Look for rental information in the mail mid-summer.

## REFRIGERATORS

A maximum of a 4.3 cubic foot refrigerator is permitted in student rooms. A rental program of 3.6 cubic foot refrigerators and microwave/refrigerator/freezer combination units is provided. Look for rental information in the mail mid-summer.

## R.C.R.

Each resident must complete and sign a Room Condition Report (R.C.R.) when they move into their room/apartment. Residents are required to inspect their room thoroughly and note all damages, markings, broken items, etc. The room condition report will be used to evaluate the condition of the room when check-out occurs. Damages or missing items will be noted on the check-out form and charged accordingly.

## POLICIES

The official publication of policies for the Department of Residential Life at St. Cloud State University is included on the University website. It is your responsibility to familiarize yourself with Residential Life policies as well as the University policies and procedures found in the Code of Conduct, the University's disciplinary process, and the ResNet computer use handbook.

## FAMILY DAY

Families of SCSU students are invited to visit their student for Family Day/Weekend in late September or early October. For more information refer to:
