

# Distance Delivery for Undergraduate Students

## The Anoka Portal Program

The Anoka Portal Program is a partnership between Anoka Ramsey Community College and St. Cloud State University. The Portal is designed to allow students in the Twin Cities the opportunity to earn bachelor's and master's degree programs without having to attend the SCSU campus. Current programs offered include: Special Education and the Bachelor of Elective Studies. Students wishing to learn more about the courses and programs available on the ARCC campus, should contact:

## Aviation Maintenance Management Bachelor Program

The Department of Aviation has extended access to its Aviation Maintenance Management program beyond the campus boundaries by creating an online degree completion program. When combined with the student's technical background and certification in the aviation maintenance field, this program leads to a baccalaureate degree in Aviation Maintenance Management.

The aviation online program is designed to combine the student's Airframe and Powerplant and/or Avionics certification with the major track in Aviation Management. The major courses will be delivered in an online format, where you will work interactively with your faculty and your peers in a virtual classroom environment. This allows students who are unable to attend class on the SCSU campus the opportunity to complete their degree on a part-time basis.

## Bachelor of Elective Studies Degree Community Psychology

The mission of the community psychology program is to prepare professionals to understand and empower diverse individuals, families, and groups and to offer curriculum and community experiences to prepare students to enter the work force as a bachelor's level practitioner or continue on for a graduate degree. Students may be employed in a wide variety of human services agencies, corporations, and government agencies.

## Criminal Justice

The Criminal Justice Studies program is offered at the Ridgewater Community College campus in Willmar, MN. The program is also delivered entirely online.

Criminal justice is a decision making process that incorporates the management and control of crime and criminal offenders. The objective of the criminal justice program at St. Cloud State University is to prepare and educate tomorrow's leaders in such fields as domestic and international law enforcement, courts, corrections, juvenile justice, private security and the practice of law.
