

ST. CLOUD STATE UNIVERSITY™

# Windows Vista™

## **What is Windows Vista?**

Windows Vista is the latest Microsoft Windows operating system, released in 2007. It is an upgrade to Windows XP.

## **Is Windows Vista supported on campus?**

SCSU is providing limited support for Windows Vista at this time. We anticipate that full support will begin in Spring 2008 after campus testing is complete. In the meantime, please note that the SCSU HelpDesk will do their best to assist you with any questions that you might have.

## **When is Windows Vista coming to SCSU?**

May 2008 is the proposed date that Windows Vista will be installed on General Access and classroom Windows computers.

## **What versions of Windows Vista will SCSU make available?**

Although there are five different versions of Windows Vista available for purchase, we will install the Vista Enterprise version on SCSU computers.

## **Where can I purchase Windows Vista?**

Windows Vista can be purchased at education discount prices at the Computer Store, located in Miller Center B42 (basement). You can also contact the Computer Store at [computerstore@stcloudstate.edu](mailto:computerstore@stcloudstate.edu) or (320) 308-4944.

## **Where can I get more information on Windows Vista?**

For more information on Windows Vista, visit <http://huskynet.stcloudstate.edu/software> and click on the Windows Vista logo.

## **Where can I find help with Windows Vista?**

For assistance or more information regarding Windows Vista, contact the HelpDesk: [HelpDesk@stcloudstate.edu](mailto:HelpDesk@stcloudstate.edu) • (320) 308-2077 • Miller Center B43
