Dear Friend,

The world is changing and so are we!

At St. Cloud State University we understand the power and impact that higher education has on individuals, communities, industries and society. Over the 153 year history of SCSU we have been shaped by bold and innovative thinkers who have gone on to be change makers around the world. Today, we are continuing this tradition and equipping our students to take on challenges and positively transform the communities where they live and work.

Your past support has helped ensure we maintain the tradition of educational excellence for our current and future Huskies. That's why your support of the SCSU Husky Impact Fund is so important.

The Husky Impact Fund delivers vitally important flexible philanthropic funds to address the complexities of delivering top quality learning paired with robust individualized student support. It removes barriers to education through scholarships and other financial aid; fosters innovation and academic success; creates dynamic and state-of-the-art living and learning spaces; and ensures a vibrant campus life experience and athletics success.

To take the next step in SCSU's history we must be bold, innovative and focused. Your support of SCSU and the Husky Impact Fund allows us to do just that.

The Husky Impact Fund addresses the greatest needs on campus, furthering our strategic priorities, investing in new initiatives, and managing unforeseen opportunities that arise. Your investment - no matter the size - in the Husky Impact Fund will have the most immediate impact on our students, our campus, and SCSU.

Renew your gift today by using the enclosed form or by visiting scsu.mn/give in support of SCSU and the thousands of students, faculty and staff that make this university so special.

Also, don't forget to join us for Homecoming, October 5-7, and celebrate the power of the #OurSCSU community as we grow and strengthen SCSU for the future.

Thank you for your support. Go Huskies!
