Around the Cloud- St Cloud community web site dedicated to the promotion of Community Events

Please provide event information by completing the information below. This information is needed to promote your cultural program to the St Cloud Community on the Around the Cloud web site: http://www.aroundthecloud.org/page/overview

It is our hope that this state-of-the-art website will enhance our community by increasing awareness, access and participation in arts and culture opportunities for residents, students, visitors and tourists in Greater St. Cloud. Generally the event information should be provided 2-3 weeks prior to the event date so the public is exposed to the information and has time to purchase tickets.

This web site was designed to provide the St Cloud residents and surrounding community a list of events that are being held in the community. Because the cultural events hosted by the university provide a great opportunity to help foster positive relationship between the University and the St Cloud community it is critical to post accurate information related to events that are open to the general public.

Name of event: _____

Date of event: _____

Cost of Tickets: _____

                        _____

Ticket Information:

Contact Person: _____

Phone_____   Email_____

Short description:_____

                        _____

                        _____

Provide a web safe graphic that can be used for the web site. Copies Plus can assist with the format of the graphic if you have questions. Feel free to visit the web site: http://www.aroundthecloud.org/ for examples of what others have posted.

Please submit the complete form to Bob Klackner at raklackner@stcloudstate.edu with the attached graphic.
