#### LEGEND

Major Courses (SCTCC courses are PSYC and SCSU are PSY)

\* Required Psychology Core. Courses indicating [Through Consortium] are highly recommended not required.

Minnesota Transfer Curriculum (MNTC) Goal Area Requirements.

Courses chosen by the student to fulfill a minor program or graduation requirement. Keep in mind 300/400 credit requirement.

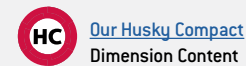

✓ Fulfills MNTC Goal 5 requirement

\*\* MATH courses require test scores or Accuplacer testing. If you do not score high enough, you will need to take a remedial course [0420, 0475 or 0485] before you can take Goal 4 math. If so, take it ASAP, because you cannot take SCSU PSY 200/201 or SCTCC PSYC 2330 until Goal 4 math is completed.

\*\*\*AA degree wellness requirement (2 credits) select from: BLGY 1325, or PSYC 1350. PSYC 1350 highly encouraged.

\*\*\*SCTCC PSYC Foundation course that are equivalent to SCSU: PSYC 1304, PSYC 2320. You will need 5 foundation courses for the major.  
\*\*\*SCTCC PSYC courses that can be used as electives: PSYC 1304, PSYC 2320, PSYC 2310. You will need 3 elective courses for the major.

Psychology majors must take a minor OR a year of foreign language.

Recommended minor programs to compliment a Psychology major:

- » Some suggestions: Criminal Justice Studies, Biology, Art, Music, Communication Studies, Management, etc.
- » Practically any minor can work with the PSY major.

Advising session toolkit:

- » Your Degree Audit Report (DAR)
- » [Psychology Major requirements](#)
- » [Liberal Education GOAL AREA requirements](#)
- » Graduation Planner
- » Additional info: [SCSU Advising Center](#), [SCTCC Advising Center](#), [Satisfactory Student Progress](#), [Financial Aid Information](#)
