Program Information:

HLTH 210, HLTH 215, HLTH 225, and HLTH 325 are the introductory courses in the Community Health major. All students must complete these courses, and PESS 249 or BIOL 202, to apply to the major and continue into higher level major courses.

Students are required to take an anatomy course, equivalent to SCSU’s PESS 249 or BIOL 202, as a major requirement. Consider completing this requirement before transferring.

Students are required to take a statistics course, equivalent to SCSU’s STAT 219 or SOC 304, as a major requirement. Consider completing this requirement before transferring.

Plan to connect with a Community Health advisor before registering for your first semester of classes to discuss transfer classes and course sequencing at St. Cloud State University.
