

# 25

## Face Shield Visors and Shields

ENVIRONMENTAL AND  
TECHNOLOGICAL STUDIES  
ST. CLOUD STATE UNIVERSITY

### Assembly Note:

When assembling the shields, start by connecting the face shield to the two center pins on the visor and then connecting each of the two sides.

3D Printed Visors and Laser Cut Shields were fabricated at the St. Cloud State University Husky Make-It-Space. The files for making these parts can be downloaded from the SCSU Environmental and Technological Studies home page at: <https://www.stcloudstate.edu/ets/>
