Fall is my favorite season! While to some, colorful leaves and cooler temperatures are just a prelude to the coming winter, to me, fall is the season of opportunity and new beginnings. It’s a new academic year and the opportunities are ready to harvest! For example, I invite you to check out the following:

- **Sigma Phi Omega** (the National Academic Honors and Professional Society in Gerontology) and the SCSU Gerontology Club. Sigma Phi Omega “seeks to promote scholarship, professionalism, friendship, and services to older persons, and to recognize exemplary attainment in gerontology/aging studies and related fields.” Students, faculty, and community professionals are encouraged to join! Also, all are welcome to join “The Gerontology Club” which was formed in conjunction with our local Sigma Phi Omega chapter. Now is a great time to get involved!

- **Gerontology Potluck**: On Wednesday, October 28th the SCSU Gerontology Program, Sigma Phi Omega, and the Gerontology Club will be hosting a potluck from 5-6pm in SH 365. Take this opportunity to share food and fellowship with students, staff, faculty, and community members interested in aging!

- **Spring Classes in Aging**: Students, now is a good time to start thinking about registering for spring classes (see page 4 for a “sneak preview” of the spring offerings). Be sure to check in with your advisor (Dr. Phyllis Greenberg – Master’s and Certificate Students; Dr. Rona Karasik – undergraduate minors) to make sure your program is on track!

- **Gerontology Program Website**: Opportunities and information abound on our website: [http://www.stcloudstate.edu/gerontology/](http://www.stcloudstate.edu/gerontology/). Be sure to check out sections on careers in aging, internships, volunteer opportunities and more! If you would like to have information about an upcoming event or opportunity posted on the site – contact me at karasik@stcloudstate.edu.

Have a wonderful fall!

I hope you all enjoyed the one day of fall weather we had this year. Only in Minnesota can it be summer one day, fall the next and winter the day after. Looking out my office window I briefly got to see leaves changing color and at home I’ve had the joy of massive amounts of leaves on the ground.

This semester Chrystal Shawley and I will be presenting a poster related to gender, age and addictions in older adults. The poster will be presented at The Gerontological Society of America’s annual conference in November. The data comes from the previous grant that Senior Helping Hands (St. Cloud Hospital) had from the Minnesota State Department of Human Services. The data for the poster will include 5 years with this grant program. Over this period more than four hundred clients were interviewed. Last year a grant was awarded to Fountain Center in Albert Lea for special populations and addictions and I will be their evaluator. I have been working with Fountain Center since 2005 but this is a new grant. All of the recipients are working with populations that might not be seen in the general treatment population. We are examining treatment protocols that might be more relevant to race, ethnicity, gender and age. This has the potential for making significant strides in assessment, treatment delivery, education and follow-up support services.

This semester we will have our Gerontology Pot luck on Wednesday October 28th – 5:00- 6:00 pm in SH 365. Bring a dish don’t bring a dish but do come hungry – I will be making my famous M&M salad – among other treats.

You may have noticed that courses that I normally teach in spring like Women and Aging are not offered Spring 2010 that is because I will be on SABBATICAL! But while I won’t be teaching courses, I will still be working with students – primarily graduate students so they can finish their degree. So it will mostly be a win/win situation. I will be spending my time writing articles, exploring new research avenues and hopefully a little bit of nothing. Also looking forward to not having to get up at 5 a.m. to clear out my driveway – I could wait until 8:00, 9:00 and perhaps the next day.

Registration will soon begin for Spring Semester. If you are a graduate student either in the Masters or Graduate Certificate Program be sure to make an appointment to see me. Have a wonderful semester and winter break.

Kaleidoscope Playground

Look how far we’ve come!

BUT WE STILL NEED YOUR HELP!
The playground opened in June 2007 in Wilson Park (with a temporary surfacing). We are still working to raise money for the permanent, specialized poured-rubber surface for maximum accessibility and safety. CMTY 195 students got a $50,000 matching grant from the Otto Bremer Foundation and we have until December 1, 2009 to raise $50,000 to get the match. All we have left is the specialized surfacing, Help us complete the dream! For more information contact Rona Karasik at 320-308-5224 or at rjkarasik@stcloudstate.edu or Phyllis A. Greenberg at 320-308-3156 or pagreenberg@stcloudstate.edu.

Want to get involved?

- Challenge your community businesses, organizations, or friends to help us complete the Kaleidoscope Playground
- Participate in the Annual Silent Auction, held November 17 & 18, from 11-2 held in Atwood. Donate something special to be auctioned, or stop by to bid on a wide variety of interesting art, jewelry and more!

The Kaleidoscope project was created through a unique partnership with the St. Cloud State University Department of Community Studies, the St. Cloud East Side Boosters, the city of St. Cloud through its Park Department, and the Central Minnesota Community Foundation. In addition, the SCSU Gerontology Club and SPO have helped to support the Kaleidoscope project.

Please send donations to:
