**Other Requirements: Individual Professional Liability Insurance is required prior to beginning practicum (CACREP Standard 3A)**

**Course Description:** Designed especially for the preparation of clinicians that involves the supervised practical application of previously studied theories, skills and techniques.

**Course Overview:** This course provides students an opportunity to engage in counseling sessions with clients using the counseling skills learned in techniques of counseling and group counseling such as relationship building, assessment, goal setting, selecting interventions, case management, and evaluation of client outcomes. The course activities are designed to

enable learners to perform at their own individual level of competence, grow through helpful suggestions from more advanced learners and peers, and be critiqued by supervisors and professors. The supervised counseling practicum is one of the most important activities in the training of counselors at SCSU. Each counselor-in-training will be carefully supervised by a professor who meets the qualifications as specified in the Association for Counselor Education and Supervision Standards (CACREP). Supervision will take place in individual and group formats.

Please note, while teaching classes, faculty may remove their face covering if they are able to maintain six-foot distancing.
2. If you are unable to wear a face mask or covering for medical reasons, please contact the Student Accessibility Services Office to discuss possible accommodations.

We expect that you conduct yourself as a counseling professional. Be on time, do not leave early, engage in discussion, and be prepared when it's your turn to present. Information shared during practicum should be treated as a confidential session, so you need to make sure you are in secure area with no one present (including family).

### **Course Content**

Readings and Class Preparation

**After the first day of class, please be sure to have read each chapter in advance of class discussion.** On the due date for assignments, the drobox closing time is marked in D2L.

Students must earn a minimum competency of (4) on the CCS-R evaluation from both the site supervisor and the faculty supervisor.

### **Grade scale**

The *Counselor Competencies Scale-Revised (CCS-R)* assesses counselors' and trainees' skills development and professional competencies. Additionally, the CCS-R provides counselors and trainees with direct feedback regarding their demonstrated ability to apply counseling skills and facilitate therapeutic conditions, and their counseling dispositions (dominant qualities) and behaviors, offering the counselors and trainees practical areas for improvement to support their development as effective and ethical professional counselors (Lambie, Mullen, Swank, & Blount, 2016).

### **Scales Evaluation Guidelines**

- **Exceeds Expectations / Demonstrates Competencies (5)** = the counselor or trainee demonstrates strong (i.e., \*exceeding\* the expectations of a beginning professional counselor) knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).
- **Meets Expectations / Demonstrates Competencies (4)** = the counselor or trainee demonstrates **consistent** and **proficient** knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s). A beginning professional counselor should be at the 'Demonstrates Competencies' level at the conclusion of his or her practicum and/or internship.

specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).

- **Below Expectations / Insufficient / Unacceptable (2)** = the counselor or trainee demonstrates **limited** or **no evidence** of the knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).
- **Harmful (1)** = the counselor or trainee demonstrates harmful use of knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).

Students final grade will be either a S = Satisfactory or U = Unsatisfactory

### **Participation**

See “Procedures for the Rehabilitation Studies Practicum” in the Practicum Handbook for additional information.

### **Ethics Case Review**

Each week issues in professional ethics will be addressed through our internship sites. Students will discuss and determine correct courses of action based on our ethical codes using an ethical decision-making model. Information to be presented should include demographics, diagnosis, medical/psychological history, functional limitations, abilities, case planning and expected outcome. Care should always be taken to ensure confidentiality of all clients.

### **Practicum Site Visit Requirements**

Each practicum site will be evaluated to determine if it meets the criteria to an appropriate practicum site. A minimum of 2 visits to this site are conducted with the student, faculty and site supervisor. When supervising and evaluating distant sites for interns, videoconferencing or tele-conferencing will be used for supervision meetings.

### **Three CASE ANALYSIS and RECORDINGS with TRANSCRIPTS**

All students are required to record (video or audio) counseling sessions with clients from their field sites. Three video recorded counseling sessions will be submitted to the instructor for supervision feedback. Recordings will include a typed transcript, conceptualization, and self-evaluation (*Tevera Counseling Recording Summary Form*) of your counseling skills. These recordings are due Week 4, Week 8, & Final Exam Week. For sites that will not allow recordings, site supervisors must provide live supervision and provide you with an evaluation and feedback for improving your skills.

\*All recordings and their handling and disposal must be compliant with HIPAA and FERPA regulations.

### **Individual Case Review**

At various intervals during the semester each student will meet with their professor to review and staff individual clients. The focus should be on case review, use of counseling skills, ethical issues and tape review.

### Group Counseling

All students are required to lead one psycho-educational or counseling group (minimum 10 hours).

### Tentative Course Schedule

The tentative course timeline is attached to this syllabus. Any necessary modifications will be announced via Huskynet e-mail. The official course timeline is kept on the instructor's Outlook calendar. In the event of a conflict between the tentative course timeline and the official timeline, the latter will prevail. Students are strongly encouraged to request sharing access to the instructor's Outlook calendar, to be notified of any changes.
