

What's New At Health Services?

New medical provider joins staff in April

Lisa Hennen, Nurse Practitioner

We are excited to announce the addition of a new health care provider at Student Health Services! Lisa Hennen joins our current medical team – Brent Nielsen, MD; Christopher Buck, MD and Icephine Johnson, Nurse Practitioner.

Lisa received her graduate degree from the University of Minnesota, Twin Cities and is Board Certified as a family Nurse Practitioner. She has worked in primary and urgent care settings for the past 15 years seeing patients for a variety of acute medical conditions as well as managing stable chronic disorders.

“I am excited about helping students learn about their own health and assisting them on a lifelong path of wellness.”

Hours

Our hours of service will change slightly beginning July 1, 2018. Visit our website for details at www.stcloudstate.edu/healthservices

Billing and Insurance

Beginning July 1, 2018 we will implement a new fee schedule with office visit charges based on the complexity of visit. Even with the changes, we continue to be an affordable option for students. Direct billing to most major insurance companies is provided. We have recently added Mayo Health Plan and will continue to expand direct billing to additional insurance plans this year. Watch our website for updates www.stcloudstate.edu/healthservices

Services Provided for Entire Campus Community – On Campus Convenience

Physical Therapy

Physical therapy services are available for students, faculty and staff at Student Health Services through St. Cloud Orthopedics. To receive a doctor's referral, students can visit Student Health Services or call 320-308-3193.

Pharmacy

Pharmacy services are available for students, employees and dependents!

- Direct billing to most major insurance companies (including SCSU employee plans)
- Automatic and online prescription refills
- Convenient pick up on campus - we can text you when it's ready
- Low cost over the counter medications and supplies – compare our prices
- Call us – we can help get your prescriptions transferred (320) 308-4852

Prescription Drug Drop Box

Use our Drop Box to safely dispose of unwanted or expired medications. It's essential for the health of our physical environment, and it prevents misuse of medications. Thanks to a donation from the [Justin Pearson Foundation](#), and a collaboration between U-Choose and Student Health Services, St. Cloud State offers a safe, secure way to dispose of unwanted and expired medications.
