JANUARY WORKSHOP DAYS: KEYNOTE PRESENTATION

TECHNOLOGY

9:00 - 10:45 a.m.

Voyageurs, Atwood Memorial Center

Sponsored by the Center for Excellence in Teaching & Learning

Listen to a moderated panel of middle-school and high-school students from our community engage in a conversation about the impact of various technologies in their social, personal, and educational lives. Students will estimate the total volume of technology use in which they engage and reflect upon the nature of that engagement. They will discuss reasons for their engagement, the challenges they face, what they get out of the various engagements, as well as their thoughts on issues with technology such as internet safety and cyber-bullying.

PANEL MEMBERS: St. Cloud Area Middle and High School students

VIRTUAL EMS

OFFICE PROCEDURES

1:00 - 2:00 p.m.

Alumni, Atwood Memorial Center

Sponsored by Atwood Memorial Center and Records and Registration

MnSCU mandated that all campuses move to a new system called EMS (Event Management System). SCSU completed this transition and was up and running when classes started in the fall. All reservable space on campus is now tracked through this new system. Come to this session to learn how to use the new system, learn some good tips and learn how to go about getting your conference room for your department up into the new system as well.

PRESENTER: Lisa Johnson, Scheduling Coordinator for Atwood and Brenda Zamlen, Associate Registrar in Records and Registration

UNDERSTANDING RACISM AND ANTI-RACISM ORGANIZING

PROFESSIONAL DEVELOPMENT

8:30 a.m. - 12:30 p.m.

Alumni Room, Atwood Memorial Center

Sponsored by C.A.R.E. (Community Anti-Racism Initiative)

The C.A.R.E. workshops are a key component of the university's journey to a fully inclusive, multicultural, anti-racist institution. Overwhelmingly, students, faculty and community participants tell us this is one of the best workshops they have ever attended because they are relevant, engaging, informational, comfortable and eye opening! The workshop experience is comprehensive and carefully designed to include hands-on activities and interactive small and large group discussions. During this workshop, the facilitators and participants: unpack the definition of racial justice and racism; explore systemic power; compare the dynamics of access and control; examine power and privilege; and analyze the continuum of systemic change and institutional transformation.

PRESENTERS: Mary Clifford, faculty member in the Criminal Justice department, and Geoffrey Tabakin, faculty member in the Academic Learning Center.
