BIG VALUE, EXCEPTIONAL EDUCATION

At St. Cloud State, your education will be an opportunity to explore ideas, seek out unique perspectives and embrace new challenges — at a price that's lower than at comparable private and public institutions.

FLAT-RATE TUITION

We offer flat-rate tuition that allows you to pay one single tuition rate for 12-18 credits, meaning you can take more credits without paying more tuition. This allows you to increase your flexibility and graduate on time.
