EMPLOYEE NEWS & INFORMATION

MARCH 2020

[ITS Newsletter Archives](#)

Information Technology Services' series of monthly emails to all employees aimed at improving communications with campus about tips, information, technology updates and services offered in ITS.

ITS Partnership Highlight: Qualitative Software

ITS assisted the School of Graduate Studies, the School of Education and the University Library with the selection and implementation of [NVivo](#), a qualitative software tool that can reduce manual effort in research analysis and literature reviews.

To learn more about the software and how you can integrate this technology into your work, please [contact Graduate Studies](#).

Minnesota State Shark Tank Open

This month, Minnesota State Educational Innovation is hosting the annual Shark Tank Open followed by a Mindfulness and Equity Summit and four workshops on Digital Badging, Culturally Responsive Pedagogy, Storytelling and Podcasting and Virtual Reality.

For more information and registration, see the [Shark Tank Open site](#).

IT Support Tip: Download and Manage Software

You can easily download and manage many software applications through a software management system already available on your University-owned computers. This services allows you to manage certain software and computer settings at your convenience (no need to helpdesk assistance).

See SCSU's Knowledgebase articles on the [Software Center \(Windows computers\)](#) and [SCSU Self-Service \(Mac computers\)](#) to learn more.

IT Security Tip

Do not click on suspicious links; and if you suspect someone may have access to your email or knows your password, change your password immediately. Clicking on suspicious links can lead to a successful phishing attack, allowing a fraudster to gain access to an email account.

For more information, see SCSU's [Secure Computing page](#).

Did You Know?

March 14th is national Pi Day! According to CNN, Physicist Larry Shaw started Pi Day in 1988 at San Francisco's Exploratorium to celebrate the famous number and mathematics in general; and in 2009, the US House of Representatives passed a resolution to recognize Pi Day.

To learn more, see CNN's "[A number of things to know on Pi Day.](#)"

Contact [HuskyTech](#) for technical services, support and sales.
