## Speakers

Mrs. Elinor (Anderson) Detra  
President, Alumni Association

"...this building will provide an environment that favors learning and understanding as well as social and intellectual interchange; one that will help reconcile the conflict between mass education and the individual; and one that will readily lend itself to the human needs and values of our students."

Miss Nancy Pew  
President, Student Senate

"...More significant than the building and its facilities is the spirit with which the building has been conceived and planned — a spirit of cooperation among students, faculty, administration, alumni and the community of St. Cloud."

George F. Budd  
President, St. Cloud State College

"...It seems appropriate that a building which will be the living room of the college will bear the name of a family which typifies the kind of gracious living we hope to foster."
