ST. CLOUD STATE COLLEGE
St. Cloud, Minnesota
December 16, 1966

MISCELLANEOUS RESOLUTION

> STEARNS RESIDENCE HALL
(F-1A High Rise Residence Hall)

BE IT RESOLVED, that the F-1A High Rise Residence Hall at St. Cloud State College be named Stearns Residence Hall.

This name has received unanimous approval from the Faculty Senate upon recommendation of the Faculty Committee for Naming Buildings, Memorials and Remembrances.

The name was selected for three reasons:

1) Charles T. Stearns was a distinguished citizen of Minnesota, having served as a member of both the Territorial Council and Territorial Legislature.

2) The main campus of St. Cloud State College is located in Stearns County.

3) The original building for the "normal school" from which the college developed was Stearns House, a converted three-story hotel on the west bank of the Mississippi River in St. Cloud. Classes were conducted on the first two floors and the third story was used as a student residence.

It is appropriate that a St. Cloud State College residence hall be named to honor Charles T. Stearns, one of Minnesota's outstanding early leaders. It is fortunate that the name also acknowledges the geographic and historic significance of Stearns County and Stearns House in the college's development.

APPROVAL RECOMMENDED:

Robert H. Wick
Robert H. Wick, President
