

ST. CLOUD STATE
UNIVERSITY

EDUCATION FOR LIFE.

St. Cloud State NSF–Noyce STEM

Teacher Scholarship

Have you ever considered a career in
STEM education?

Consider applying for the Noyce
Husky STEM Teacher Scholars!

In partnership with

About the scholarship

The Husky STEM Teacher Scholars project aims to serve the national need to produce high-quality Mathematics, Chemistry and Physics teachers who are prepared to address student learning in high-needs, diverse school settings.

Benefits

- Earn \$1500 per semester and serve as a leader in the Learning Assistant Program at ARCC, SCTCC, or SCSU
- Full cost of attendance (tuition, fees, room/board, etc.) scholarship for your last four semesters at SCSU
- Serve in under-represented schools
- Make a tangible and practical difference in the lives of students

Noyce Scholars Qualifications:

- Be enrolled at Anoka Ramsey Community College, St. Cloud Technical and Community College or St. Cloud State University with the intention of completing a degree at SCSU.
- Apply and be accepted as a Learning Assistant in Mathematics, Chemistry or Physics courses.
- Complete a double major in Mathematics and Mathematics Education, Chemistry and Chemistry Education, or Physics and Physics Education.
- Participate in project activities with the learning community and mentor teachers.
- Teach for four years in a high-need K-12 district after graduation.

Why apply?

- Most teaching jobs have better retirement plans than private industry.
- Teachers rate their lives better than all other occupation groups, trailing only physicians.
- Grade 7-12 science and math teachers get paid more than most college teaching faculty.

Students currently enrolled in a STEM class at ARCC, SCTCC, or SCSU should complete a Learning Assistant application for Spring 2021 or Fall 2021 to be considered for the first scholarship rounds.

Students not currently enrolled at ARCC, SCTCC, or SCSU should complete an admissions application for Fall 2021 and complete a Learning Assistant application for Spring 2022 or Fall 2022 to be considered for the second scholarship rounds.
