LEARNING OUTCOMES
• Establish a strong network of peer and academic support to promote academic success
• Develop social ties with veterans and non-veterans students
• Provide support and resources to aid with transitional issues
• Promote campus awareness on issues affecting veteran students

It’s not too early to secure your place in the community. Make the move to join us now, contact:

The Veterans Living Community is a great opportunity for military connected students who are attending St. Cloud State University. This is a partnership between Residential Life and the Veterans Resource Center to provide a living experience that fosters academic, professional, and personal success while living in Coborn Plaza Apartments.

Members of the Veterans Living Community will have the opportunity to:

- Expand their network by interacting with other military students
- Meet and live with returning and first-year military students
- Receive assistance in their transition to college life
- Develop their leadership skills by joining the Student Veterans Organization
- Enjoy a quiet study environment
- Support and participate in other activities, programs, and events on campus
- Scholarship opportunities for qualified students

Requirements:

- Have veteran, service member, or dependent status as defined by SCSU to provide for an inclusive community with varied life experiences
- Complete an application for Coborn Plaza Apartments for the academic year
- First-year students will attend a short monthly meeting with the Director of the Veterans Resource Center during their first semester

Members of the Veterans Living Community will be expected to:

- Help plan and participate in community activities and events
- Receive support from individuals and mentors who understand what others in the community have experienced
- Become involved in leadership opportunities, and develop community standards that improve the Veterans Living Community for the following years

St. Cloud State University is ranked among the Top 25 Colleges and Universities in the country G.I. Jobs.
