#### Question BUSH

Thank you. Here is a different kind of question.

Please think of a thermometer that has a range of 0 to 100 degrees. I'd like you to rate your feelings toward some campus figures and other people who are in the news. Ratings on the thermometer between 50 and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 and 50 mean that you do not feel too favorable toward the person. If we come to a person whose name you don't recognize, you don't need to rate that person. Just tell me and we will move on to the next one. If you do recognize the name, but do not feel particularly warm or cold toward the person, you would rate the person at the 50-degree mark.

[NEVER TELL WHO THE PERSON IS OR WHAT THEY DO-YOU CAN REREAD THE NAME]
