## Saint Paul College to St. Cloud State University Community Health B.S. Transfer Guide

### Transfer Process

All transfer students seeking a Bachelor of Science degree in Community Health should follow the admission procedures located on the following website in order to be admitted to St. Cloud State University. This information can be found at: [www.stcloudstate.edu/transfer](http://www.stcloudstate.edu/transfer).

The following Saint Paul College courses will fulfill requirements in SCSU's Community Health B.S. degree:

Saint Paul College Course		SCSU Course
BIOL 1760 - Nutrition	→	HLTH 210 – Principles of Nutrition
PUBH 1700 – Personal and Community Health	→	HLTH 215 – Personal and Community Health
PUBH 1710 – Consumer Health		HLTH 250 – Consumer Health <i>*major elective course, recommended</i>
BIOL 2721 – Human Anat/Phys I	→	BIOL 202 - Anatomy and Physiology I

### Notes:

- For more information on Community Health, visit <http://www.stcloudstate.edu/kinesiology>
- Students are recommended to complete the above courses as part of the MnTC, if possible.
- If a student completes a goal area within the MnTC, the same goal area will be completed at St. Cloud State University once transferred. If a student completes the MnTC or earns an Associate of Arts (AA) degree, all liberal education requirements will be fulfilled at St. Cloud State University.
- The information in this guide is subject to change without notice. Please consult with your Saint Paul College advisor and an advisor at SCSU for more detailed information.
- Transfer course equivalencies can be found at [www.transferology.com](http://www.transferology.com).
