

Transfer Guide

Bachelor of Science – Communication Sciences and Disorders

All transfer students seeking a Bachelor of Science degree in Communication Sciences and Disorders should follow the admission procedures located on the following website in order to be admitted to St. Cloud State University: www.stcloudstate.edu/transfer. Being admitted to SCSU is a separate process than that of being admitted into a major program. A student must first be accepted to SCSU, and then may apply to a major once certain requirements have been met.

Requirements for Admission to the Communication Sciences and Disorders major

- 3.0 GPA and completion of 9-12 credits in CSD courses.
 - *Note:* To meet ASHA (American Speech-Language-Hearing Association) Certification Standards, students must take one course in each of these four areas: Biological Sciences, Physical Sciences, Social/Behavioral Sciences, and Statistics. Suggestions are provided below.
 - The CSD B.S. degree requires electives or the completion of a minor in another department.

The following courses transfer from ATCC to SCSU and will fulfill ASHA Standards

Alexandria Technical and Community College Course		SCSU Course
PSYC 1405 (Developmental Psychology)	→	PSY 240 <u>or</u> CEEP 262 <i>*Required for major and an option for ASHA Social/Behavioral Sciences Standard</i>
CHEM 1405 (Fundamentals of Chemistry)	→	CHEM 160 <i>*option for ASHA Physical Sciences Standard</i>
MATH 1445 (Intro to Statistics)	→	STAT 193 <i>*ASHA Statistics Standard</i>
SLPA 1200 (Intro to Communication Disorder)	→	CSD 130 <i>*major requirement</i>
SLP 1210 (Phonetics for Language)	→	CSD 220 <i>*major requirement</i>
SLPA 1250 (Anatomy of Speech/Language & Hearing)	→	CSD 322 <i>*major requirement; this course would not fulfill any upper division credits.</i>

Note: Either Chemistry or Physics is preferred to meet ASHA Physical Sciences standard, but not required. ASHA will also consider Astronomy or Earth and Atmospheric Science as a “Physical Science”.

- It is recommended that students take the lower-division major courses as a part of the Minnesota Transfer Curriculum (MnTC) or Associate in Arts (AA) degree if possible.
- If a student completes a goal area within the MnTC, the same goal area will be completed at St. Cloud State University once transferred.

Additional Requirements to Consider when Degree Planning

- Completion of 10 goal areas (40 credits) in the MnTC (known as the Liberal Education Program at St. Cloud State University)
- 45 upper-division credits (300-400 level coursework) required to graduate from SCSU
- Additional major requirements: [CSD 130](#), [CSD 220](#), [CSD 230](#), [CSD 322](#), [CSD 326](#), [CSD 426](#), [CSD 427](#), [CSD 432](#), [CSD 434](#), [CSD 441](#), [CSD 442](#), [CSD 450](#), [CSD 460](#), [CSD 461](#), [CSD 469](#), [ENGL 361](#),
