Employment Opportunity at Therapeutic Services Agency, Inc

Therapeutic Services Agency, Inc is hiring a full time mental health professional or clinical trainee (on licensure track for LPCC, LMFT, LICSW, LP) to work as a TSA employee to provide mental health services at the Vision Program, a Level 4 School Program in Pine City. Providing Diagnostic Assessments, individual and group mental health services with students, family therapy, and developing strong partnerships and connections with parents/guardians. Provide support and mental health consultation to county and other professionals associated with students at Vision. As well, teamwork with the educators and administrator at the program site and other schools is integral to maximize outcomes for students/clients.

Qualifications and qualities desired in preferred candidates: professional knowledge base that includes trauma informed practice, family systems, mental health assessment and treatment, ability to work independently and as part of a team. Experience in a school setting and knowledge of CTSS is desired but not required to be considered for the position.

Compensation and benefits are competitive. For more information about TSA please visit www.hoperealized.com. Professional supervision provided. We have a very positive partnership working with the school program and SCRED (St. Croix River Ed District) and offer this position as a wonderful professional opportunity. To apply, send letter of application and resume' to Cheryl Smetana McHugh, Executive Director at jobopportunities@tsapc.net . TSA is an equal opportunity employer.
