The Conceptual Framework is the shared vision for the St. Cloud State University’s efforts to prepare educators and other school professionals. It organizes principles related to our identity in the following ways:

- What we believe about the helping professions and education
- What we think is important in terms of working with P-12 students, adult consumers of our services, and our colleagues
- It organizes the actions of programs affiliated with the College of Education
- It serves as a foundation for decision-making and planning in the College of Education

The Educator as Transformative Professional

Why is the Conceptual Framework Important to Candidates (SCSU Students) and Faculty Members?

The Conceptual Framework is the shared vision for the St. Cloud State University’s efforts to prepare educators and other school professionals. It organizes principles related to our identity in the following ways:

- What we believe about the helping professions and education
- What we think is important in terms of working with P-12 students, adult consumers of our services, and our colleagues
- It organizes the actions of programs affiliated with the College of Education
- It serves as a foundation for decision-making and planning in the College of Education
