Information Table October 27<sup>th</sup>, Miller Center, 2<sup>nd</sup> Floor 3:30pm-6:30pm

## **QUESTIONS**

-Chair Hwang: is this only for U.S. citizens?

Any one who is in this country lawfully, can apply for assistance, international students might have some issues, because they are required to have insurance already.

-Chair Fiene: is the age for families covering a young adult still age 26?

with the law, the family can choose if they want to keep the person/student on their insurance, but sometimes the cost becomes un-payable by the family.

-Senator Schmit: is there a guess to how many students on campus don't have insurance?

No, but were able to add a question on the survey and over 1000 last year said they didn't have insurance. Was also able to add this question onto the survey this year, but do not have the results yet.

-Senator Bayandalai: what are the requirements for health insurance?

Pretty much if you don't have it. Then looking at what assistance is there available to help afford it. It is based on income, citizenship, residency.

-Chair Vieau: if we talked to another organization for a presentation who do they contact? The Project Care contact information, or Amanda through the Women's Center

Call for questions See None

\*Point of Interest- Chair Smith: technology like phones and laptops, other then Executive Assistant, and those approved by President Johnson are prohibited during the senate meeting.

#### Senator Le

Would like to extend an invitation to the Veterans Retreat 5:30pm at True Friends Camp Friendship in Maple Lake on Tuesday October 11<sup>th</sup>, 2016 Free

#### **Senator**

A student came up asking if Student Government "chairs actually do anything", would like to bring attention to this comment.

Discussion

#### **QUESTIONS:**

- -Students United Rep Martin: would advice senators who run into this issue to really encourage them to come to a senate meeting or into the office, and really bring the issue to every one they can versus just voice the issue.
- -Senator Uecker: don't have PR chair, so might not seem like people are doing much, because there isn't someone to represent like that, but will change soon.

-Chair Fiene: did this individual have any specific grievance?

The belief is that the individual's comment was less on the chairs themselves but more so on how nothing was getting done in general.

-Chair Smith: was it just a rant or any specific complaints?

No, it was more so a general complaint

- -Chair Jabs: maybe point them to the Husky Howler for contact information of chairs?
- -President Johnson: good point brought up is to be more vocal with what is being done, and planned to be done.
- -Chair Uecker: make more students aware of the fact we are a recommendation body, not really able to 'change' stuff, and unless people are vocal, Student Government has a lot less power over saying what issues students have. Difficult to do anything if there are just rants versus actual issues brought up.
- -Senator Schmit: wouldn't take it to heart, but thanks the speaker for expressing the students concern.
- -Students United Rep Martin: really invites students to come to a meeting, the general public even. Not a lot of people know they can come.
- -Vice President Olson: Student Government has been a very reactive body, trying to be proactive, the chairs have been trying really hard to head this direction.
- -Chair Vieau: maybe each chair could send the PR chair something they are working on to put a little spotlight in the Husky Howler.
- -Executive Assistant: Committees continue to email reports to normal people, will consolidate reports and email the Public Relations chair by Monday the following week.
