Its time discussion 5:47

A three- question video

- What existing strengths can we build uponeducation landscape?

Senator welbec: we have a strong population of non-traditional students

Senator Demay: the online classes we have are excellent or mostly close to and having more classes available online would be a good thing

Senator camejo: there is room for growth when it comes to the population of nontraditional students.

Senator Adile: making a degree program that is completely online. Hiring more faculty that have connections and raise more money

Chair Yousafzai: part of the top ten university in America when it comes to the number international students. St. Cloud state is not known enough given the fact it is better.

Senator Demay: knowing what are we good at. We got too comfortable with the past.

Chair Hwang: we should work on each problems gradually

Chair Madawala: Herberger buisssnes school is cutting majors. It would discourage future students to joining SCSU. Bringing back the majors is a good way to increase enrollment

Senator Lindstorm: we should rework the student code of conduct specifically code9(no alcohol on campus)

- What new ways of working will we need...

Senator Camejo: we should offer more associates degree

Senator Adile: SCSU does not have any social media presence and it can be cost effective and we should work on it.

Senator Demay: associates degree can be very helpful

Chair Yousafzai: we should work on building partnerships on not just local but national institutions.

Chair Uecker: we should work on the availability of online courses

Senator Demay: we should be able to reach out to other institutions

Senator welbec: we should be prepared for the robotic jobs taking over

- What new capabilities will we need to develop in order to respond to the changing higher education

Chair Uecker: the frustration with technology students experience needs to be addressed.

Chair Hwang: we should approve the accessibility on campus in all aspects.

Senator Camejo: we should work on attracting more non traditional students

Chair Uecker: we should have a real husky for the campus mascot

Senator Adile: we should encourage faculty to start a minor program or a two year program on data science

Senator camejo:

Question 1

Chair Uecker: Faculty is a great factor on determining the rate students finishing their degree program

Chair Adile: professors should be held responsible for their actions

Chair Uecker: Advisor meetings are frustrating and most of the advisor are unable to connect with the students.

Chair Hwang: we can use more support on the advising center.

Senator Camejo: we should students that are unsure of what their path is.

Question 2

Senator Dicenso: we should work on academic probation, you don't receive financial aid if you are in probation

Question 3

Senator Welbec: we are losing students due to high debts, that should be worked upon

Chiar Ahmed: we should offer more classes for some courses

Chair Uecker: we should work on retaining PSCO students, interms of scholarships and other Aids there are not a lot of them offered for seniors and junior

Senator Dicenso: we should make students the resources available

Video 3

Question 1

Chair Uecker: we should have specific advisors for non traditional course taker

Chair Hwang we should utilize the non tradi..org

Chair Uecker: do we have any connections where we could be their first choice for the further education of their employees.

QUESTION 2

Senator Camejo: we should offer more doctoral programs

Chair Yousafzai: more of integrated studies be offered 1\

Chair Ahmed: Students should have the choice of not taking goal area classes

Chair Uecker: Supported Ahmed
