

# NAVIGATE NEWS

Spring 2023 Newsletter for  EAB Navigate Users

[www.stcloudstate.edu/universitycollege/navigate.aspx](http://www.stcloudstate.edu/universitycollege/navigate.aspx)

## Inside this issue:

- Progress Report Campaign
- New Faculty Training
- Success Markers Updates

## FACULTY PARTICIPATION

328 instructors submitted report out of 432 who were included in the survey.

**GOAL: 70%**  
**ACTUAL: 76%**

*Congrats!*

**UNIVERSITY LIBRARY,  
HERBERGER BUSINESS SCHOOL,  
COLLEGE OF HEALTH & WELLNESS  
PROFESSIONS**

on achieving more than 80% faculty participation in the Progress Report Campaign!

## SPRING 2023 PROGRESS REPORT CAMPAIGN RECAP

*As of 4/3/23*

**1,376** CASES WERE OPENED BASED ON THE FACULTY ALERTS.

**1,361** CASES HAVE BEEN CLOSED.

STAFF HAVE MADE CONTACT WITH STUDENTS IN **66%** OF CASES.

This Progress Report Campaign focused specifically on identifying students who were at major risk in their spring courses, including:

- Students who haven't attended, or who have only attended a 1 – 2 classes
- Students who haven't logged into homework platforms (D2L, TopHat, MyMathLab, etc.) or have only logged in 1 – 2 times
- Students who haven't submitted any homework or assignments
- Students with current grade D or F

### Students Included in this Campaign:

- All NEF
- All Student-Athletes
- Returning Students of Color with a GPA <2.5
- NET assigned to professional advisors
- All PSEO Students
- Students on Academic Warning & Probation

# Kudos

**Congrats to these staff who each logged 300+ Navigate reports during Fall 2022!**

**Advisors:**  
Sheryl Garcia  
Mary Kavanagh  
Susan Massmann  
Brittney Hoff  
Annie Babcock

Kacey Bostrom  
Sara Panek  
Sarah Desotell  
Leah Kadelbach  
Arinola Adebayo

## NEW TAG:

### NoyceSTEM

Husky STEM Teacher program support at least 24 students providing scholarships and stipends to produce highly-valued Mathematics, Chemistry and Physics teacher who are prepared to address student learning in high-need, diverse school settings.

## NEW FACULTY TRAINING:

**Tuesday, March 28, 11:00 am - 12:00 pm**

New faculty learned how to sync their Outlook calendars to Navigate, how to launch a campaign, how to message students, add their availability, add notes, and more.

## SUCCESS MARKERS

Success Markers represent key academic milestones for students in a given program. They allow staff and faculty to monitor successful completion of important courses and intervene with students who are not meeting the recommended markers.

In 2021-22, SCSU launched the Success Markers pilot program using Guided Learning Pathways funding with four participants: Criminal Justice, Biomedical Science, Biology: Biodiversity, Ecology and Evolution, and Early Childhood Education. Since then, we have expanded Success Markers to Physics and STEM Education programs.

Success Markers provide a way to provide more targeted intervention to help keep students on track toward their degree, as well as offering students encouragement as they successfully complete the milestones indicated by the Success Markers. For example, in the Criminal Justice program students who successfully completed a Success Markers course would get a letter from the Dean congratulating them and encouraging them to continue their good work.

## STUDENT SUCCESS COACH

We are rolling out the Student Success Coaches (SSC) for all students by the end of next year. So, students will be assigned an SSC based on their major and they can schedule an appointment through Navigate.

# NAVIGATE DROP-IN SUPPORT

## Tuesdays

9:00 – 10:00 am

Zoom:

<https://minnstate.zoom.us/j/96250631726>

## Thursdays

1:00 – 2:00 pm

Zoom:

<https://minnstate.zoom.us/j/99938559301>

## ENROLLMENT CAMPAIGN

Fall 2023 Registration Campaign

04/01/23 – 08/18/23

It is designed to help enroll more students on time. Students are encouraged to register on time to ensure:

- They get the classes they need to **stay on track** for graduation.
- They have more choice in the **days/times** and **delivery** mode of courses.

Students can schedule an appointment with their advisor to register for Fall classes. The advisors will help them make sure they're on track and connect with resources to be successful.

## FACULTY CHAMPION

### *What features of Navigate do you use most frequently?*

The Navigate feature I use the most is the campaign function to encourage psychology majors to meet with me or their advisors. Because we now have professional advisors who also help our students, I try to write notes about my meetings. That way I can remember what the student and I discussed and the professional advisors can see this information. I also like to use Navigate when students want to add psychology a minor for a brief description of the student (major, minor, number of credits).

### *How has Navigate made a difference in your work?*

I think that Navigate has been a difference in reaching out to the students. Along with Microsoft Bookings, Navigate has reduced the number of emails to find a time to meet that works for both the student and myself.
